

ADITI MAHAROR

B.Tech in Computer Science & Engineering, 2028

Computer Science undergraduate with hands-on experience in LLMs, backend development, and full-stack engineering, seeking to contribute to scalable, AI-driven systems.

smhs10baditimaharor2@gmail.com | +91 9942278912 | [LinkedIn](#) | [GitHub](#)

OBJECTIVE

Computer Science undergraduate with a strong foundation in Data Structures & Algorithms, backend engineering, and applied AI/LLM development. Seeking to contribute to scalable, high-throughput e-commerce and AI-driven systems through hands-on problem solving and continuous learning.

EDUCATION

B.Tech, Computer Science & Engineering — Birla Institute of Technology, Mesra (Off-Campus Patna)

2024 – 2028 | CGPA: 8.52/10

Higher Secondary (Class 12) — St. Michael's High School, Patna

2021 – 2023 | 93.4%

Matriculation (Class 10) — St. Michael's High School, Patna

2011 – 2021 | 98% (Top 5% nationally, CBSE)

PROJECTS

AI Placement Mentor (Ongoing) — Python, FastAPI, React, LLMs, Vector Database

[GitHub Repository](#)

- Designing an AI-powered resume analysis platform targeting compatibility checks against 100+ companies, generating personalized 4–12 week learning roadmaps.
- Architecting an LLM-based mock interview module to generate 15–25 company-specific questions per session, with response evaluation planned across 4–6 parameters (technical accuracy, communication, completeness).
- Building backend (FastAPI) and frontend (React); integrating a Vector Database to enable semantic search for personalized resource recommendations.

Smart India Hackathon (SIH) 2025 — Disaster Preparedness & Response Education System

- Built a gamified disaster-preparedness education platform as part of a team project, focusing on simulations, safety awareness, and decision-making under emergencies.
- Presented the solution to evaluators at SIH 2025, receiving recognition for effective communication of the concept.

FOSS United Bihar Workshop — IIT Patna

- Attended a hands-on workshop on open-source collaboration and large-scale system workflows.

SKILLS

Languages: Python, C++, C

Frameworks: Django, FastAPI, React

AI / ML: Prompt Engineering, Large Language Models (LLMs), Vector Databases, AI Agents

Databases: SQL, SQLite, MySQL

Core CS: Data Structures & Algorithms, OOP, Problem Solving

Tools: Git, GitHub, VS Code

Soft Skills: Communication, Adaptability, Teamwork & Collaboration

ACHIEVEMENTS

- NPTEL Elite — Top 1% (100% Score)
- Ranked 828 of 1,773 participants — HackerRank Orchestrate (AI Agent Challenge)
- 98% in CBSE Class 10 — Top 5% nationally
- Recognized for effective presentation of disaster-preparedness project at SIH 2025

LEADERSHIP & EXTRA-CURRICULAR

- Volunteer & Co-organizer — Xordium 2025:** Coordinated logistics and participant support for technical and academic hackathon events.
- Member, Ignite Club (BIT Patna):** Contributed to content planning and digital engagement to improve club outreach.
- Volunteer, Treasury Club — Technika '24:** Supported event coordination and operational planning for college technical activities.

CERTIFICATIONS

- Building Basic AI Agents and Custom GPTs — Udemy
- Python & Django Framework — Udemy
- AI Essentials: Introduction to AI
- HackerRank SQL (Advanced)

AREAS OF INTEREST

Artificial Intelligence • Machine Learning • Full-Stack Development • Backend Development • Data Structures & Algorithms
